Patient Consent

I hereby request and consent to the performance of chiropractic adjustments and other chiropractic procedures, including X-rays if necessary, on me by the Doctor(s) of Chiropractic affiliated with me. I have had an opportunity to discuss with the doctor(s) of chiropractic, adjustments and other procedures. Although I am expected to get great benefit from chiropractic care, I understand that the results are not guaranteed. I further understand and am informed that as in all health care, with certain chiropractic techniques, there are some very slight risks to treatment, including, but not limited to, muscle strains, and sprains, disc injuries and rib fractures. The possibility of an associated stroke with an upper cervical adjustment is extremely remote and un-established.

I do not expect the doctor to be able to anticipate all the risks and complications. I rely on the doctor's exercise of judgment which chiropractic procedure, based upon the facts known, is in my best interest. I have read this consent. I have also had an opportunity to ask questions about its content, and by signing below I agree to the above named procedures. I intend this consent form to cover the entire course of current and future chiropractic care for which I seek treatment.

I understand that I am responsible for payment of all services and that they are to be paid in full at time service is rendered, unless prior arrangements have been made.

Please only read this consent form, to familiarize yourself with it.

You will sign it once you've had a chance to discuss it with the Doctor
